Westside Family Healthcare

Our History

In 1988, "Westside Health Services" opened in Adams Four Shopping Center in Wilmington. It was founded by a group of largely volunteer nurses who dreamed of filling the need for quality healthcare on the west side of Wilmington. 35 years later, Westside Family Healthcare continues to improve access to care for Delaware's most vulnerable populations.

About us

Westside Family Healthcare is a community-minded, non-partisan health center operating five clinical sites and a mobile health unit across the state of Delaware. At Westside, we know that **an individual's health and wellness go beyond access to quality medical care**. We reach beyond conventional medicine to address social, emotional, and economic factors that affect our 28,000 patients.

We are celebrating *35 years* of being a constant source of compassionate care that families depend on to live vibrant, healthy lives.

Our Mission

To improve the health of our communities by providing equal access to quality healthcare, regardless of ability to pay.

Our Vision

To achieve health equity for all.

Our Values

Lead with compassion.
Serve with humility.
Be exceptional.
Empower all people.
